AKSHAYA EDUCATIONAL FOUNDATION

**Founder of Akshaya Educational Foundation,
Mr. N. Anil Kumar, an IIT-Madras Alumnus.**

N. Anil Kumar, IIT Madras

His ambition to share his knowledge with young minds made him to choose teaching as profession over the high paid Technical Jobs. After 16 years of extensive teaching experience in various organizations across geographies, he chalked out idea of Akshaya foundation. The natural ability of Mr. Anil Kumar is good observation and analysis, with which he could gauge changing trends in psychology of students for more than a decade now. We @Akshaya give importance in mentoring the student along with teaching right skills. Our teaching techniques are unconventional and help to promote 'Thinking Capacity' of students instead of just providing factual knowledge.

We aim to develop students overall personality. Not only that we focus on students mental ability and intellectual thinking capacity, but also we try improving them psychologically and spiritually. This model is a proven one as we helped many students realize their dreams and get them placed in renowned institutions such as IIT, NIT, AIIMS, JIPMER and many other Prestigious Institutions
